Turning OFF the Ovilus 4

1. Slide the On/Off switch to the OFF position.

Using the Ovilus 4

1. Use the touch screen to navigate the modes and control settings. Quick taps work best.

MODES

HOME

Return to the main menu to select another mode.

DICTIONARY MODE

Words are voiced from the on-board dictionary based on environmental readings.

DRAW MODE*

Draws blocks across the screen in colors derived from environmental readings.

ENERGY MODE*

Displays energy level readings in a sine wave style.

LOG MODE

Lists words voiced during dictionary mode.

MOTION MODE*

Displays motion fluctuations enabling small movements to be visualized.

PHONETIC MODE

Speech is formed using phonemes from environmental readings.

PROXIMITY MODE*

Energy levels display in a radial graph. Access settings to enable proximity trigger.

TRUE / FALSE MODE

Measures energy to provide a true or false reading.

SETTINGS MODE

Change Voice, Gender, Language and Volume.

**Additional settings available in the Draw, Energy, Motion, and Proximity Modes.*
